

## CATTLE KILLED IN WRECK

Two Cars of Stock go Down With Stock.

LINE BLOCKED ALL DAY YESTERDAY

Collapsing of C. & O. Trestle at Roxbury Tuesday Night Interfered With Service and Entailed Loss of Several Thousand Dollars.

Two car loads of cattle, valued at over \$2,000, were killed in the wreck of an eastbound Chesapeake & Ohio freight train Tuesday night by the collapsing of a trestle near Roxbury. The cattle were consigned to a firm at Grove, Va., from the west.

Besides the two cattle cars, several other heavily laden freight cars went down with the trestle, entailing a loss of several thousand dollars. No one was injured in the wreck.

Although a wrecking train with large crew was dispatched to the scene from Richmond soon after the accident, the wreckage was not cleared away and the trestle replaced until last night and all trains arriving here yesterday were from one to three hours behind time.

United States mail for Newport News was sent from Richmond by way of Norfolk yesterday but passengers coming to this city were sent from Richmond to Roxbury and there transferred to another train, at the easterly end of the wrecked trestle, and brought to this city.

It was reported last night that the trestle had been repaired and that there will be no interruption of traffic between this city and Richmond today.

## BEST GAME AT HOME

Evenly Matched Elevens for Local Thanksgiving Game.

VIRGINIA VERY WEAK THIS YEAR

Indians Are Expected to Have a "Walk-Over" at Norfolk, So the Best Sport May be Seen Here on the Holiday.

Present indications are that the foot ball game between the elevens of William & Mary College and Richmond College at the Casino gridiron Thanksgiving Day will be far more interesting than the match between the University of Virginia and Carlisle Indians, which will be the Thanksgiving Day gridiron attraction at Lafayette Field, Norfolk, this season.

The William & Mary and Richmond College teams are very evenly matched in weight and training and it is expected that the game here will be one of the best in Virginia that day. On the other hand the University of Virginia team is decidedly weak, while the Indians this year have the strongest team they have turned out in years and the predictions are that they will have a "walk over" with the "Varsity."

The Indians have administered an overwhelming defeat to Pennsylvania University this season and have outplayed some of the fastest teams in the country, while the Virginia team has had hard work to defeat the minor college teams in Virginia.

Newport News people are expected to turn out in force to witness the game at the Casino Thanksgiving Day for upon the attendance depends the success of the Merchants' Association's undertaking to have a foot ball match between big colleges pulled off in this city each Thanksgiving Day. The people of the Peninsula who have been in the habit of attending the Thanksgiving games at Norfolk can see better sport here this year than across the Roads at a much smaller cost.

### EDUCATIONAL BILL CHANGED.

Measure When Returned to House of Commons Will Not be Recognizable.

(By Associated Press.) LONDON, Oct. 31.—The House of Lords continues to make far reaching changes in the education bill and in Liberal circles, the opinion is expressed that if the opposition continues in its present spirit the bill will hardly be recognized when it returns to the House of Commons.

There is a distinct atmosphere of apprehension in the upper house. It apparently has been determined that the ministry will not tamely submit to the lords. This metamorphosis was indicated by president of the Board of Trade, Lloyd George, who, speaking at Spalding tonight, declared that the work of "re-editing" the bill would terminate in a way probably far from agreeable to the House of Lords, majority of whom were endeavoring to establish the principle compulsory religion, to which the country would not submit.
